Subject: FW: BaP draft--correction to my note

Kathleen:

Just to clarify. I spoke loosely in my previous note (highlighted). I should not attempt the merging. You are the keeper of the documents, so I will wait to get a clean merged copy from you before sending anything out. (Perhaps we should keep the comments and placeholder statements but "accept changes" in the clean version.) I am reading Catherine's edits now—looks good so far.

Awesome! Thank you, Catherine. I am on to it. As soon as I am done with a review of it, and after I hear from Kathleen, I can bundle this with Karen's quantitative section on cancer, and send out a complete cancer part of the document. I am shooting for COB today.

Hi Kathleen, I'm attaching my edited version of the BaP draft. I'm still working on the supplemental info changes and hopefully will send that today too.

Thanks!
